## **Committee Business**

1. Grades for our School were reviewed and explained. Rates for our school can be viewed at [www.utahschoolgrades.schools.utah.gov](http://www.utahschoolgrades.schools.utah.gov). We are doing great. Improvements continue to be made.
2. Boundary updates discussed. Our current student projection for 2019-2020 is 685 students. Firm counts will be out soon.
3. We are still finalizing the methods of how we will welcome the new families to our school. A post card was discussed with the possibility of having our students make the post cards. As of now, only about 35 families who are affected by the new boundary changes. This allows for more personal touches. Possible gifts for new students of school t-shirts or wristbands. Ideas welcome.
4. Technology report was discussed. Mac Books running smoothly.
5. Spring funds/Land Trust funds discussed. Final vote on money distribution will be in March.
6. Discussed the new principal, Candie Checketts and the steps in the transition for Mrs. Wheeler's retirement. We will invite new principal to the next Community council meeting.
7. S.N.A.P. loading/ unloading plan discussed with cross walk rules. Suggestions made on how to staff for drop off and pick up of students.
8. Our school just had major crises training and is pleased with the medical kits and supplies they received. New safety window film will be placed on all interior windows.
9. The council unanimously approved to adjourn the meeting.
