### **Committee Business**

1. The committee discussed the finalized district boundary changes at length. It appears that Rosamond may grow by a small amount over the next few years (30+ students). The growth will be positive and the current classroom and school size will be able to accommodate the growth. We discussed ways to include the potential new students and their families in school activities that are happening in the spring. We want to make sure they feel welcome and supported.
  2. LAND Trust Plan, the committee decided to table this discussion until after the New Year. We will discuss plan modifications after the New Year.
  3. The Council unanimously approved to adjourn the meeting.
