Committee Business

1. Minutes from the February 2022 meeting were unanimously approved.
2. School Trust Lands Fund Plan: The Council reviewed the plan in depth. There are some carry forward dollars from the previous year due to personnel shortages so Candie will account for those dollars in the new year plan for updated technology and other needs. The Trust Lands Plan focus' on the following academic areas: Reading (ELA), Mathematics, and Technology. We have set attainable and realistic goals for the new year. We will also continue to hire part time assistants and will provide professional development opportunities for teachers with this funding.

If additional funds are available (like carry forward dollars) we will use them to purchase technology, provide teacher stipends and use for expenses that support material and substitute costs).

The approval for this plan will be emailed to Council Members on March 25. An electronic signature is required.

3. Final discussion items:
 - a. Learning Environment Requests will be open soon.
 - b. Battle of the Books was briefly mentioned by the Council. The strengths and weaknesses of the program were discussed. The PTA has done a fantastic job putting the event together this year and the students are very excited to "battle" soon!
4. A council member motioned to adjourn the meeting and the Council unanimously approved.

Next Meeting is TBD.
